SUMMARY

Aspiring to contribute to the tech industry by leveraging skills in web and software development, as well as UI/UX design. Proficient in Html, Css, JavaScript, React.js and Firebase, with experience building responsive web applications and intuitive designs using Figma and Adobe XD. Passionate about enhancing user experiences and eager to work on innovative projects.

SKILLS

Programming Languages :	C, Python, Java
Web technologies :	HTML, CSS, Tailwind CSS
Libraries/Frameworks :	React.js, Node.js
Tools/Platforms :	Figma, Adobe Xd, Canva, Git, GitHub, Firebase
Design Skills :	UI/UX, Prototyping, Wireframing
Databases & ORMs :	MySQL, SQLite , Prisma ORM
Soft Skills :	Communication, Team Collaboration, Adaptability, Problem-solving

PROFESSIONAL EXPERIENCE

Creditor Academy

May 2025 - Present

Software Developer

- Developed and maintained responsive user interfaces using React.js, ensuring cross-device compatibility and smooth user experience.
- Contributed to Athena LMS website, implementing real-time features and optimizing performance to enhance usability.
- Integrated REST APIs with frontend components, streamlining data flow and improving overall application functionality.

AgenixAI

Mar 2025 – May 2025

Front-End Developer Intern

Remote

- Developed responsive web interfaces using React.js, Tailwind CSS, HTML, and JavaScript.
- Worked with Firebase for authentication, real-time database, and cloud storage.

EDUCATION

Roorkee College Of Engineering

2021-2025

B. Tech in Computer Science and Engineering

CGPA- 8.2

Chandra Shaikhar Sr. Sec. Public School, Roorkee

2021

XII-CBSE

86.20%

TRAININGS AND INTERNSHIPS

Training, MASAI SCHOOL AND KSIF

Oct 2024 – June 2025

- Worked on multiple projects and mini-projects, building responsive and user-friendly web applications.
- Improved technical expertise in front-end development and strengthened communication skills through structured sessions.

Skills Developed: Html, Css, JavaScript, React.js, Firebase, Glitch, Github, Netlify, Node.js

Internship, IBM SKILLSBUILD

June 2023 – July 2023

- Worked extensively on Front-End development, focusing on creating responsive and user-friendly website.
- Developed and implemented front-end interfaces using HTML, CSS, and JavaScript.

Skills Developed: Html, Css, JavaScript.

Internship, EDUSKILLS

July 2024 – Sep 2024

- A 10-week internship in Generative AI offered by EduSkills, focused on hands-on training and skill development in AI technologies.
- Explored large language models, responsible AI principles, and prompt design in Vertex AI. Gained insights into application development, cloud architecture, and data science, with hands-on experience in developing GenAI apps with Gemini and Streamlit.

Skills Developed: Generative AI Tools and Frameworks, Responsible AI, Prompt Design, Data Handling.

PROJECTS

Mentora - AI Chatbot

A Leveraging Gemini's APIs to provide mental health and emotional support to students.

- An AI-driven chatbot to provide emotional and mental health support to students, leveraging Gemini's APIs for natural language processing (NLP) and empathy-based responses.
- Integrated key features such as emotion recognition, personalized support, and mental health resource recommendations, creating a safe and supportive environment for users.

Skills: Gemini API, SQLite, Django, React

IMAGE GALLERY

A dynamic image gallery enabling users to explore, save, and organize images effortlessly with a seamless UI.

- Designed with a user-friendly interface, it offers smooth navigation, dynamic content updates, and a personalized collection feature.
- Organize your favorites, create collections, and revisit them anytime.

Skills: HTML, CSS, JavaScript,

ACHIEVEMENTS

- Coordinated workshops at IIT Roorkee's Design Innovation Center for students.
- Secured 2nd Prize at TechWizard 24-Hour Hackathon (Haridwar University) for developing an innovative expense tracking web app, Bill Bird.
- Secured 1st Prize for presenting the paper "*Role of Prompt Responder AI-Chatbot in Mental Health Monitoring & Support*" at the International Conference on Sustainable Development in Management, Engineering, and Life Science (SDMEL-2025).

ADDITIONAL INFORMATION

- Languages: English, Hindi
- Awards/Certificate: Introduction to Generative AI (EduSkills), Foundation Course on Generative AI (Microsoft), Virtual Internship in Android Development (EduSkills), Web Development (Internshala), Introduction to Data Science (Infosys),Blockchain Bootcamp(IDS).
